| Compétence : Reproduire des modèles, des formes, des trajectoires proposés.<br>Objectif opérationnel : Tracer des courbes en respectant le sens de rotation. |        |
| Consigne : Termine les vases, <i>colorier les fleurs.</i>                                                                                                    |        |

# La lettre

Pars d'en haut, fais  
deux ponts et tourne.

nuit

                    

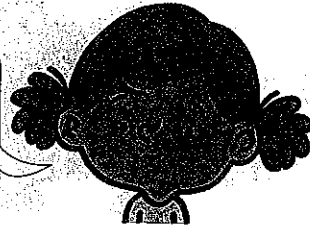

la nuit

la lune

# La lettre

Commence comme un  $\lambda$ , fais le yoyo et termine comme un  $\mu$ .

pirate

A handwritten lowercase letter 'm' is shown on a four-line grid. The letter starts at the middle line, goes up to the top line, forms a hump, goes down to the middle line, forms another hump, and ends at the middle line. A vertical line is drawn from the top line to the bottom line, passing through the middle of the letter.

Hand
